Dear Parent/Guardian,

On Tuesday, May 1<sup>st</sup>, Voces de la Frontera is holding a statewide "Day without Latinxs and Immigrants" march in Waukesha to demand that Waukesha County Sheriff Eric Severson not turn his sheriffs into Immigration agents through the federal 287 g program. In the areas where 287g has been implemented, like Maricopa County in Arizona under Joe Arpaio, discrimination and racial profiling have increased, families have been separated, and the economy has been gravely harmed. The Trump Administration is trying to expand 287g as part of its war on immigrants.

**We must defeat this discriminatory program in Waukesha to stop it from spreading throughout Wisconsin.**

In 2017, after a Day without Latinxs and Immigrants on February 13th and another on May 1st, the application by 287g of former Milwaukee County Sheriff David Clarke was rejected, and Clarke resigned in shame. If we show the same power this May 1st, we will achieve victory again. On February 13th, 2017 we demonstrated that same power against Trump's hatred, and inspired a national popular movement.

Voces will be providing transportation from **certain** schools/locations to downtown Waukesha where we will assemble and march to the courthouse. This is **NOT** a school-sponsored field trip. Please call the school and report your child's absence to avoid truancy. Pick up and drop off times will vary per school. Please fill out the bottom portion of this slip and turn it into the YES advisor at your school. Students will not be allowed on the bus without a signed permission slip.

If you have questions or concerns, please feel free to contact Cristal (Milwaukee) at 414-391-2400 or Valeria Ruiz Lira (Racine) at 262-721-5575.
