RE: RESTORING DRIVER LICENSES FOR IMMIGRANTS IN WISCONSIN

As Wisconsin dairy farmers we are writing to express our strong support for restoring driver licenses for immigrants this year.

Wisconsin's dairy industry relies on the important contributions that immigrant workers and their families make to our state's signature industry. Analysts estimate that eighty percent of the dairy industry workers are immigrants and one in ten jobs in the State of Wisconsin's depends on the dairy industry. Sixty percent of the milk that is produced in Wisconsin is harvested by immigrants. Immigrant workers are critical to the well-being of our economy. We call on you to support restoring driver licenses for immigrants in the 2019-2020 state budget to ensure that Wisconsin continues to be a leader in the national dairy industry.

Sincerely,
